Q4 2018 and 2019 Event Sponsorship Opportunities

SEIA is proud to partner with leading companies to promote and advance the use of solar energy. SEIA offers targeted sponsorship opportunities that serve to add value to your brand, increase customers' interest in your company, and demonstrate your leadership in the solar industry. Sponsorship with SEIA gives your business the platform to thrive!

Below is a sample of our upcoming events and sponsorship opportunities. For more information on these events and the specific benefits available at each sponsorship level please contact our team at **sponsorships@seia.org**.

SEIA Federal & State Policy Summit – December 4 – 6, 2018 – Washington, DC

SEIA is proud to introduce our newest event in Washington, DC after the 2018 mid-term elections. This Summit is the premier forum for examining federal and state policy issues and how they inform market opportunities and challenges in the solar industry. The event will include engaging discussions between industry experts and key congressional staff on important policy shifts in the solar and energy storage industries that will impact solar businesses. We are expecting an audience of 200 financiers, developers, energy experts, policymakers, and executives from leading solar and energy storage companies.

- Innovator – $15,000
- Champion – $10,000
- Advocate – $5,000

SEIA Finance & Tax Seminar – February 28, 2019 - New York, NY

SEIA Finance & Tax Seminar is a prestigious annual event that connects up to 250 senior-level solar tax, finance, business, and legal leaders for an in depth look at financing trends, structures, deal terms, current market conditions, solar and storage, commence construction guidance, and the Investment Tax Credit (ITC) before it starts to ramp down in 2020. The event includes unique, high-level networking opportunities.

- Innovator – $15,000 for SEIA Members; $20,000 for Non-Members
- Champion – $10,000 for SEIA Members; $12,500 for Non-Members
- Advocate – $5,000 for SEIA Members; $6,250 for Non-Members

SEIA Codes & Standards Symposium – April 24, 2019 – San Diego, CA – Co-located with California Solar Power Expo

The 3rd annual SEIA Codes & Standards Symposium is designed by and for solar codes and standards professionals and their colleagues in research, design, engineering, regulatory affairs and marketing. This Symposium covers up-to-date, impactful issues that have the potential to drive further expansion of solar as well as those issues that have the potential to constrain solar growth and how to best address those challenges. This event will attract over 100 leading industry professionals.

- Innovator – $5,000 for SEIA Members; $6,250 for Non-Members
- Champion – $2,500 for SEIA Members; $3,125 for Non-Members
- Advocate – $1,250 for SEIA Members; $1,565 for Non-Members

SEIA's Solar Goes Corporate – TBD in November 2019

SEIA's Solar Goes Corporate is the leading forum to discuss and learn how businesses can effectively procure, deploy, and invest in solar energy. Over 200 leaders from across the solar industry and the business community will gather to network and discuss critical trends, challenges and solutions relating to expanding C&I Solar.

- Innovator – $15,000 for SEIA Members; $20,000 for Non-Members
- Champion – $10,000 for SEIA Members; $12,500 for Non-Members
- Advocate – $5,000 for SEIA Members; $6,250 for Non-Members
