

Code of Ethics:

As a member organization of the Solar Energy Industries Association (SEIA), we are committed to protecting the rights of consumers and users of solar energy systems. We are dedicated to providing safe and effective products and services, accurate information, and reliable service. As part of these commitments, we will:

1. Produce solar energy products and systems that meet high standards of quality and performance.
2. Protect the health and safety of consumers in the design and provision of products and services.
3. Present honestly the capabilities, performance and energy savings potential of solar products.
4. Employ well-trained sales personnel to provide up-to-date and understandable product information.
5. Offer and honor clear, understandable warranties that comply with all applicable regulations.
6. Perform servicing and repairs in a professional manner.
7. Be responsive to consumer suggestions and complaints.
