

AT A GLANCE

- **Solar Installed:** 748.4 MW (107.5 MW in 2016)ⁱ
- **National Ranking:** 12th (19th in 2016)
- **State Homes Powered by Solar:** 188,000
- **Percentage of State’s Electricity from Solar:** 7.01%ⁱⁱ
- **Solar Jobs and Ranking:** 3,194 (21st in 2016)ⁱⁱⁱ
- **Solar Companies in State:** 126 companies total; 3 Manufacturers, 91 Installers/Developers, 31 Others^{iv}
- **Total Solar Investment in State:** \$2,557.94 million (\$258.28 million in 2016)
- **Price Declines:** 64% over last 5 years
- **Growth Projections and Ranking:** 812 MW over next 5 years (ranks 24th)

NOTABLE PROJECTS

- Waiawa Solar Project (Phase I) was completed in 2016. This photovoltaic project has the capacity to generate 50 MW of electricity -- enough to power over 12,587 Hawaii homes. ^v
- Several large retailers in Hawaii have gone solar including Albertsons, General Growth Properties and Green Growth Properties. Green Growth Properties has installed one of the largest such installations with 1 MW of solar capacity at their location in Honolulu. ^{vi}
- At 12 MW, KRS I Anahola Solar in Anahola is among the largest solar installations in Hawaii. This project has enough electric capacity to power more than 3,021 homes. ^{vii}

Established in 1974, the Solar Energy Industries Association® is the national trade association of the U.S. solar energy industry. Through advocacy and education, SEIA® is building a strong solar industry to power America. As the voice of the industry, SEIA works with its 1,000 member companies to champion the use of clean, affordable solar in America by expanding markets, removing market barriers, strengthening the industry and educating the public on the benefits of solar energy. www.seia.org
