State Solar Spotlight

SEIA Solar Energy Industries Association®

Nebraska

Key Figures

Total Solar Installed	National Ranking	Solar Jobs[1]	Growth Projection
47.26 MW	45th	1,332	252.38 MW over the next 5 years
13.15 MW in 2019	Ranks 39th in 2019	Ranks 33rd in 2019	Ranks 44th

Enough solar installed to power: **6,004 homes**

Percentage of state's electricity from solar:[2] **0.11%**

Price decline over the last five years: **38%**

There are 35 solar companies operating in Nebraska.[3]

4 Manufacturers

18 Installers/ Developers

13 Others

The solar industry has invested $69.11 million in Nebraska, including $17.93 million in 2019

The Solar Energy Industries Association (SEIA®) is the driving force behind solar energy and is building a strong solar industry to power America through advocacy and education. As the national trade association of the U.S. solar energy industry, which now employs more than 250,000 Americans, we represent all organizations that promote, manufacture, install and support the development of solar energy. SEIA works with its 1,000 member companies to build jobs and diversity, champion the use of cost-competitive solar in America, remove market barriers and educate the public on the benefits of solar energy.
