

## Wyoming

### Key Figures

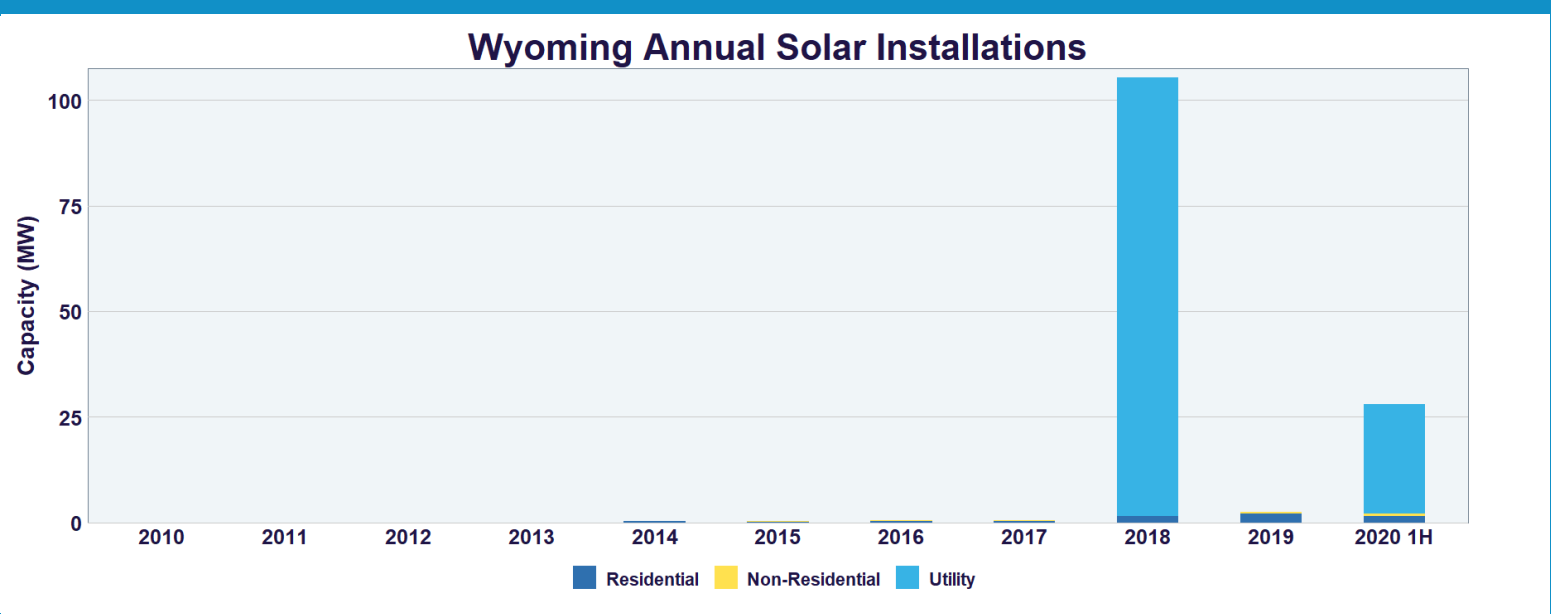

<b>Total Solar Installed</b> <b>137.59 MW</b> 2.46 MW in 2019	<b>National Ranking</b> <b>39th</b> Ranks 49th in 2019	<b>Solar Jobs<sup>1</sup></b> <b>159</b> Ranks 51st in 2019	<b>Growth Projection</b> <b>218.3 MW over the next 5 years</b> Ranks 45th
---	--	---	---

Enough solar installed to power: <b>22,400 homes</b>	Percentage of state's electricity from solar: <sup>2</sup> <b>0.53%</b>	Price decline over the last five years: <b>38%</b>
---	--	---

There are **13 solar companies** operating in Wyoming.<sup>3</sup>

<b>0</b> Manufacturers	<b>10</b> Installers/ Developers	<b>3</b> Others
---------------------------	--	--------------------

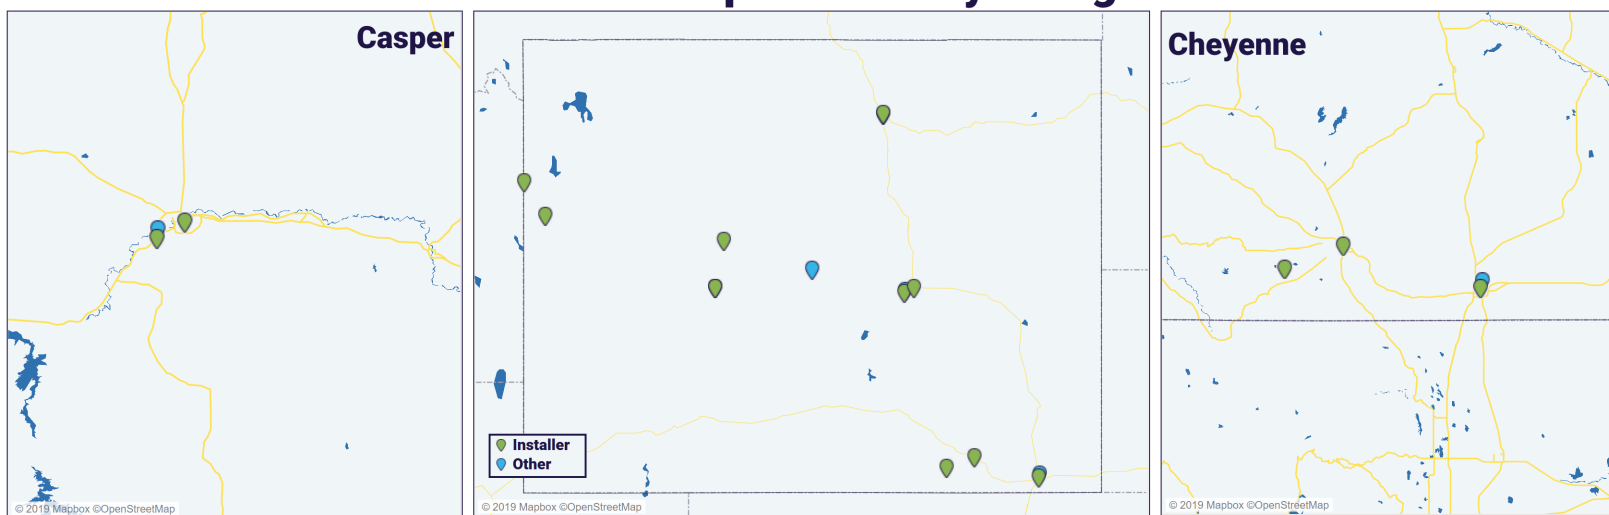

**\$** The solar industry has invested **\$145.58 million** in Wyoming, including **\$6.41 million** in 2019

## More information about solar energy in Wyoming<sup>4</sup>

- Sweetwater Solar has the capacity to generate 52 MW of electricity -- enough to power over 8,420 Wyoming homes.

The Solar Energy Industries Association (SEIA<sup>®</sup>) is the driving force behind solar energy and is building a strong solar industry to power America through advocacy and education. As the national trade association of the U.S. solar energy industry, which now employs more than 250,000 Americans, we represent all organizations that promote, manufacture, install and support the development of solar energy. SEIA works with its 1,000 member companies to build jobs and diversity, champion the use of cost-competitive solar in America, remove market barriers and educate the public on the benefits of solar energy.
