

New Mexico

Key Figures

Total Solar Installed 1,451.90 MW 72.7 MW in 2021	National Ranking 19th Ranks 30th in 2021	Solar Jobs¹ 2,013 Ranks 30th in 2021	Growth Projection 4,365 MW over the next 5 years Ranks 12th
---	--	---	---

Enough solar installed to power: 344,556 homes	Percentage of state's electricity from solar: ² 6.05%	Price decline over the last ten years: 53%
--	--	--

There are **69** solar companies operating in New Mexico.³

13
Manufacturers

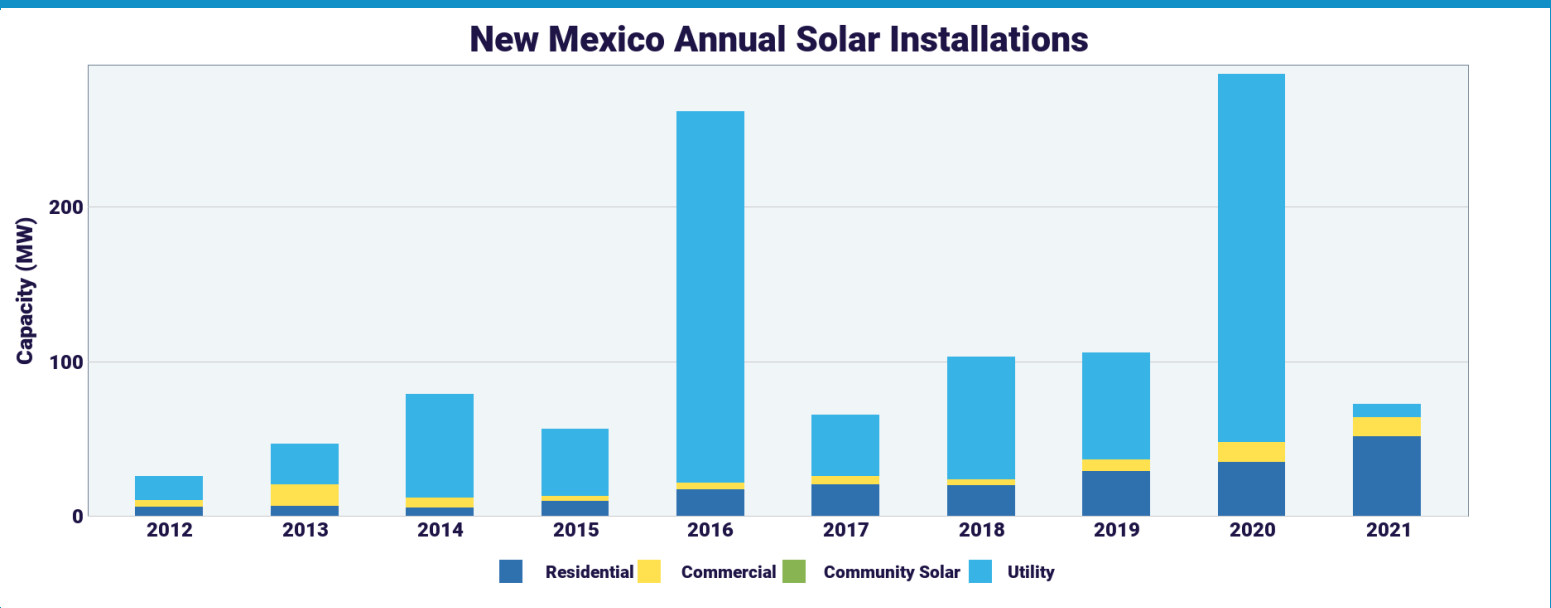

40
Installers/
Developers

16
Others

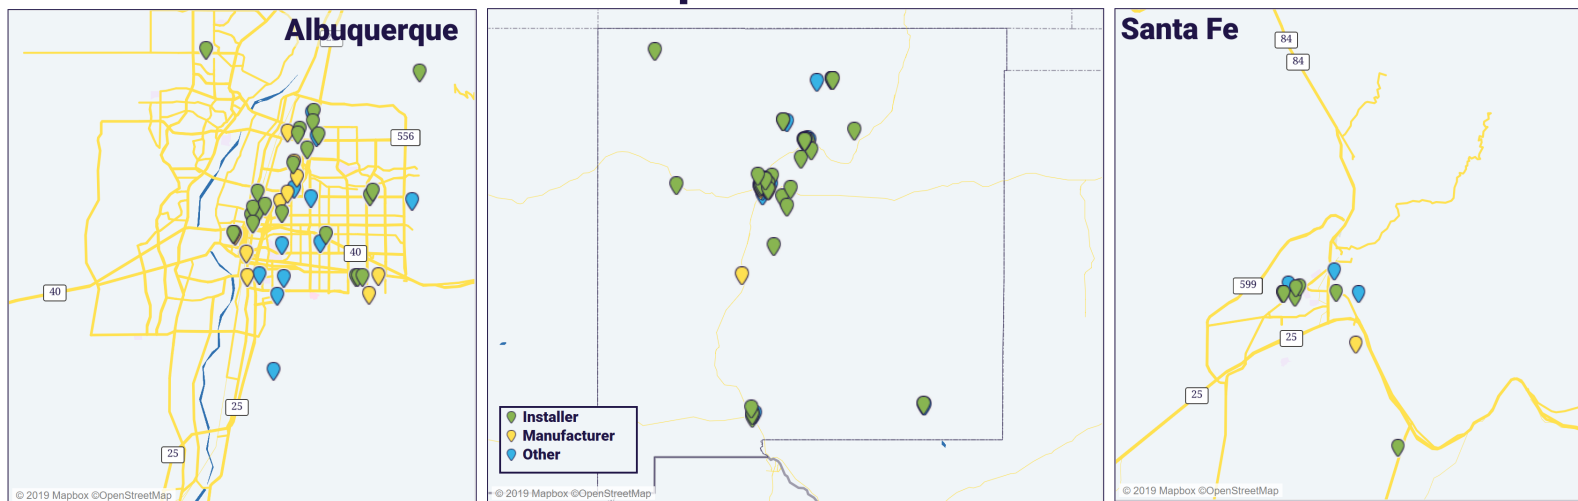

\$ The solar industry has invested **\$2.7 billion** in New Mexico, including **\$183 million** in 2021

More information about solar energy in New Mexico⁴

- Chaves Solar in Roswell was developed by NextEra and came online in 2016. This 95.9 MW project produces enough electricity to power 23461 homes.
- Eubank Landfill Solar is one of the first major corporations to go solar in New Mexico with its 2 MW project in Albuquerque.
- At 67.7 MW, Britton Solar Energy Center in Moriarty is among the largest solar installations in New Mexico. Completed by Affordable Solar in 2019, this solar project has enough electric capacity to power more than 16562 homes.

The Solar Energy Industries Association[®] (SEIA) is leading the transformation to a clean energy economy, creating the framework for solar to achieve 30% of U.S. electricity generation by 2030. SEIA works with its 1,000 member companies and other strategic partners to fight for policies that create jobs in every community and shape fair market rules that promote competition and the growth of reliable, low-cost solar power. Founded in 1974, SEIA is the national trade association for the solar and solar + storage industries, building a comprehensive vision for the Solar+ Decade through research, education and advocacy.
