Golden Gala

Building on 50 Years of Solar Progress

NATIONAL PORTRAIT GALLERY
JUNE 13, 2024

SEIA.ORG
You’re invited to celebrate 50 years of solar and storage progress with the Solar Energy Industries Association (SEIA).

Since 1974, SEIA and its members have championed policies to establish the multi-billion-dollar solar and storage industry we know today. The past 50 years represent a half-century of exponential growth that culminated in the passage of historic climate legislation and unprecedented clean energy progress. Thanks to the tireless efforts of SEIA and its partners, the solar and storage industry is one of the fastest growing industries in the world and is set to usher in a new era of American clean energy dominance.

SEIA’s 50th anniversary gala will bring together over 500 clean energy leaders and key industry players to celebrate the past 50 years and toast to what will surely be a brighter and cleaner future for everyone.

Join us for a night of celebration and networking with the people who helped make the solar and storage industry what it is today. This special event also provides excellent value-added branding opportunities for sponsors. Your support will emphasize your brand’s commitment to help support SEIA’s vision and our working together to build a brighter future.

The gala will feature a VIP Reception, seated dinner, entertainment, and programming. Find out more about sponsorship opportunities and reserve your tickets today.
